

# KYOORIUS STUDENT AWARDS: MOTION DESIGN BY RELIANCE JIO

## RELIANCE JIO

Tell the story of a world connected through digital-transformation.

---

### BACKGROUND

Jio is not a brand; it is a movement to leapfrog India from a no-networked land into a high-speed powerful mobile data networked country. Jio will create a digitally empowered India by offering not just ubiquitous high-speed connectivity, but also a range of innovative digital services. These services will inspire and empower every Indian to lead better lives. Jio will revolutionize the way India communicates, shares, entertains, and works to make their dreams possible. Jio will expose Indians to unlimited possibilities and empower them by giving them tools by which they can sculpt their future. Jio will give Indians the power to re-imagine their lives.

#### Jio Brand Personality

**Imaginative** – Jio is playful and original. Doing things people might not expect, to go that little bit further and make everything feel special.

**Personal** – Jio is all about people. About what they feel and what they want to do. So let's keep it personal and treat everyone as an individual.

**Restless** – Jio stands for the new and never stands still. Always hungry, for the new and unexpected.

---

### CONSIDERATIONS

Your idea stretches the imagination – the way we do things with the power of high speed Internet and its ubiquitous accessibility. Your film can take any format, genre and style. Make us think, laugh and re-imagine.

You can also use Jio's symbol as part of your animation, but it's not a must. If you choose to use the symbol then it must be contextual. Don't approach this as an advertisement for Jio. This is a content based message that can go onto the digital medium.

---

### CREATIVE CHALLENGE

Digital-transformation is redefining everything we do, from way we work, communicate, share, travel and entertain at an individual level and governance, systems, education, institutions at a larger level.

As a creative individual/team it is your challenge to show us how you think digital-transformation is shaping your world? Stretch your imagination, dive deep and soar high with the idea of re-imagining and interpret it in your way. We want to hear from you, learn from you and see through your eyes.

#### Target Audience

- Anyone and everyone... largely Netizens
- Age group: 15–45

---

### DELIVERABLES
