

# KYOORIUS STUDENT AWARDS: PRODUCT DESIGN BY CREATIVELAND ASIA

## FEARLESS

Product design for a kit that's beautifully functional and functionally beautiful.

---

### BACKGROUND

Fearless Healthcare is in the business of creating products that will help the people of the world lead a life minus fear. We are sure you would agree that the world would be a much better place without fear. It was to kill fear and make life a more beautiful experience that Fearless was born.

Fearless products not only meet exacting global quality benchmarks, but are also made to the stringent standards that are set and governed by our own conscience. Every Fearless product is made to get rid of one fear at least, if not a bunch of them. We wouldn't ever make a product we won't use ourselves. And we wouldn't ever put a product in the market that we won't put in our own homes. For more information visit [www.fearlesspharma.com](http://www.fearlesspharma.com)

### CREATIVE CHALLENGE

Every home, office, school and college has a drawer, a pouch or a simple plastic bag with a few emergency medicines and bandages. Though it's one of the most important things, it's also the most ignored one. It's often in shambles, completely disorganized and mostly, beyond its expiry date. Sometimes, it doesn't even contain important items. The truth is, people are aware that they might be in trouble if there's ever an emergency. And they live in fear.

It is to get rid of this fear that Fearless wants to create a kit unlike a typical first aid kit.

A kit that is highly organized and allows a person to use things off it when in need. A kit that's properly compartmentalized for medicines for Pains and Aches, Cuts & Bruises, Common Cold, and Instruments like a thermometer, blood pressure meter, etc. The kit should also contain a first aid guide.

It should be a kit that even doctors would love to keep. A kit that's functional and beautiful. Like Steve Jobs would've designed it.
